WORLD ASTHMA DAY -06.05.2025

a comprehensive guide and a sample report structure for World Asthma Day 2025, based on the theme announced by the Global Initiative for Asthma

On May 6, 2025, SCHS Campus observed World Asthma Day to raise awareness about asthma, a chronic respiratory disease affecting millions globally. Aligned with the theme, "**Make Inhaled Treatments Accessible for ALL,**" the event focused on promoting equitable access to essential medications and improving management strategies.

Event Highlights & Activities

- **Awareness Seminar:** Experts discussed the rising prevalence of asthma and the impact of environmental factors like air pollution.
- **Educational Workshop:** Demonstrated correct inhaler techniques, highlighting the need for "spacer" usage for effective delivery.
- **Advocacy Session:** Focused on the economic burden of asthma and the need for policy changes to reduce medication costs.
